## Education

1998 - 1999

### Cardiff University - Cardiff, Wales

*MSc Computing*

Interactive Television

The dissertation required the develop of an interactive television application in OpenTV for S4C. In the process I had to develop a plug-in for the Software to enable remote data updates to the application and conduct a presentation to a board at the S4C headquarters.

1995 - 1998

### Kings College London - London, England

*BSc Pharmacology (2:2)*

1993 - 1995

### St Davids Sixth Form College - Penylan, Cardiff, Wales

*4 GCSEs: Biology (A), Geography (B), Mathematics (C), English (B)*

1988 - 1993

### Corpus Christi High School - Cyncoed, Cardiff, Wales

*3 A Levels: Computer Science (A), Chemitry (D), Biology (C)*

## Employment

Dec '01 - Present

### UniLever

*Laboratory Assistant*

Investigated the genetic control of virulence factors for pathogenic Ecoli. Gained experience of a range of genetic analysis techniques, including plasmid manipulation, DNA extraction, PCR and cloning

Nov '99 - Nov '01

### FutureTV Labs - Cambridge, England

*Software Engineer*

Jointly or solely responsible for developing over 15 interactive television services. In several cases the applications were mission critical and developed within the order of days. A broad spectrum of non-developmental work has also been undertaken, including maintaining and debugging legacy applications, and playing a key role in the packaging software and on-site deployment.

## Skills

*Project Management*

Organised teams research work and developed procedures for system maintence at Unilever

## Interests

*Hiking*

Organised several hikes whilst a member of the University Rambling Club. Explorered the Auvergne whilst on vacation in France

## Personal Details

Nationality: *British*    Date of birth: *October 17th 1977*

## Referees

*Dr P Smithson*  
(Personal Tutor)

*Senior Lecturer*
